*Blessings to one and ALL this  
Holiday Season!*

The holiest of all holidays are those  
Kept by ourselves in silence and apart;  
The secret anniversaries of the heart,  
When the full river of feeling overflows;--  
The happy days unclouded to their close;  
The sudden joys that our of darkness start  
As flames from ashes; swift desires that dart  
Like swallows singing down each wind that blows!  
-- Henry Wadsworth Longfellow

Mikayla Wiechman. Her daughter Brooklyn has a genetic blood disorder. In the last year they have done an egg retrieval that resulted in an embryo that was a perfect match. (the odds of that were very low). Embryo was implanted and Mikayla is now VERY pregnant with a little boy that we can't wait to meet. They really wanted their baby to be born here at the Scott County Hospital, but no one here had ever done a cord blood retrieval. Scott County hospital has been trying to hire a head OB nurse for some time. In the last month a nurse from Dallas, Texas and her husband decided to move here to slow down the pace of their life and took the job. She was OB nurse in a hospital in Dallas and has done over 1,000 cord blood retrievals. She is currently training all the nurses. Mikayla is scheduled to have her baby boy here in Scott City on December 10, with her own Dr. and the new OB nurse scrubbing in. MaKayla's contact information is: 1110 S College, Scott City, KS 67871, [mi\\_kay\\_la@hotmail.com](mailto:mi_kay_la@hotmail.com)
