

“Mother isn’t a noun, it’s a verb. And it has nothing to do with biology and everything to do with heart. Here’s to those who practice the sacred art of mothering ~ of children, of the helpless, of the lonely, of ourselves. Thank you.”

Florida – Malinda Remington needs lots of prayers. Her husband Ron 6 months ago had a double lung transplant at the Mayo Clinic. They have been there 6 months. Ron has now been in ICU for 4 weeks. The calcium formed around his lungs which has caused breathing problems. They did surgery and it was like an eggshell. The Dr. said he was going to write it up in the Lung Journal. They had never seen anything like it before. Ron is in critical condition. Melinda had to have the virus test before she was allowed in ICU. They both need our prayers. Disney Uhlig, Pi Rho – Olathe, is asking for prayers for the passing of her brother. She sent this message May 6 “It is with heavy heart that I announce the passing of my brother, Larry Uhlig. For over 30 years he has lived with the debilitating disease, MS. Recently he has had a stroke and several TIAs and on April 15 he was hospitalized with open sores on his feet. After being hospitalized to fight infections, he was transferred to rehab facility and while there he contracted pneumonia, which turned out to be Covid 19 and transferred back to hospital and then Hospice facility. This was over a 16-day time period. He is now at peace. I know that you are all praying for me, so I do not need cards. Instead please send a card to an aunt or uncle or a friend that you haven’t talked to in a while.”

Fran Rader, Alpha Omega, had a great 92nd birthday thanks to YOU her ESA family. She told us she had received cards from "all over". Alpha Omega had a birthday party in her front yard – being socially distant, of course, with maybe one or two slight exceptions. It was a great day! This past Friday, Fran fell in her bedroom and required 16 stitches to her head. She is one tough girl and is at home recovering quite well. Her son lives with her and she has wonderful neighbors allowing her to remain in her home for which she is grateful!
