

Everything I Need to Know in Life I Learned From My Dog –

Never pass up the opportunity to go for a joy ride. When loved ones come home always run to greet them. Never pretend to be something you're not. If you want something, look at it until you get it, or it's gone. If what you want lies buried, dig until you find it. Take every opportunity to run. Take every opportunity to nap. Delight in the simple job of a long walk. When you are happy, dance around and wag your entire body. Never pass up the chance to snuggle. Always kiss the ones who are mad at you to make it better. Listen attentively and don't offer solutions. Be brave, optimistic and completely present. Give and accept love with every breath.”
