

“Our world is hurting, but we are being protected by a loving, able God. No matter where we go, we are faced with uncertainty. Please never forget that our God is so much bigger than anything we will ever face. He is so much stronger than any force and He will protect you through every trial. Never let go of your faith during these trying times. Step away and look at what God is doing for you at this moment. You’re alive, healthy and safe. Your family is protected, you have food, shelter, you are loved, and you are blessed. We can’t be everywhere, but our God is. Keep your trust in Him and He will bring you and your loved ones through.”

**Idaho** – Cleoria Glenn’s family is in need of our ESA prayers. Her daughter Cynde’s granddaughter and two of Cleoria’s other grandchildren were hit by a hit and run driver last night. Their pickup was parked and Cynde’s youngest daughter, Karlie, was in the truck with another child and the other two children were outside the truck. They were all taken to the hospital but have since been released. The two outside of the truck were stuck between the fence and the pickup truck. Karlie is the granddaughter that was involved in a previous car accident which caused her to deliver her baby early. She is pregnant again now and due in August, so they are praying this does not cause another premature labor. So far everyone is doing okay. Lots of bumps and bruises and very upsetting for everyone involved. The police have found the truck that hit them and Cleoria believes there has been one arrest so far. Not sure if alcohol involved.
